PRINCETON NURSERIES

PRINCETON, NEW JERSEY

Wholesale Price List

SPRING 1925

WM. FLEMER'S SONS
Proprietors also of the
F. & F. NURSERIES
Springfield, N. J.

TEN YEARS ago last fall, we published our first price-list. The two hundred acres we then had have grown to four hundred. We have a large variety and complete assortment of high-grade stock, and everything listed is of our own production. We grow it from start to finish and make it the best that can be grown.

This high-grade stock has been responsible for our steady growth. It has made and kept good customers and firm friends.

Our business is country-wide and caters to the trade exclusively; yet we have no men on the road, since our stock, because of its quality, has found a ready market.

In addition to our nursery, we have an efficient propagating plant of four greenhouses, twenty-five propagating frames, 170 hundred-foot seed frames and beds, besides a seven-acre seed field, all Skinner equipped.

To those of you who have helped to make our business a success, we extend our sincere thanks, and hope we may have the pleasure of supplying your future wants. To everybody, we extend a cordial invitation to visit us at any time.

Yours sincerely,

PRINCETON NURSERIES,

WILLIAM FLEMER, Jr.,

Manager.

Office and grounds, Princeton Nurseries.

Members American Association of Nurserymen.

Eastern Nurserymen's Association.

New Jersey Nurserymen's Association.

All quotations, prices, contracts and grading are based on HORTICULTURAL STANDARDS adopted by the American Association of Nurserymen June 1923.

PRICES

Prices are as low as is consistent with the market, taking into consideration that the stock offered is of the best quality, carefully grown, with ample room for full development. Princeton grown stock must not be compared with poorly grown plants often offered.

Prices subject to change without notice, and limited to the Spring season of 1925.

CREDIT

To established nurserymen known to us, a credit of 60 days from date of invoice will be allowed. Cash before shipment is required from parties unknown to us and in these cases one-half the regular charge is made for boxes or bales.

Packing house and storage cellar, Princeton Nurseries. They are on our own siding which insures the minimum of exposure when loading and facilitates rapid shipment. We specialize in carload orders for which no charge is made for packing.

LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. Errors made by us will be gladly corrected, but complaints must be made within a reasonable time after receipt of stock.

Plants become your property upon delivery to transportation company, and we cannot be responsible for loss, damage, or delay in transit.

NON-WARRANTY

We endeavor to keep varieties true to name and will replace any not true; but we do not in any way guarantee the success of the grower. In event of stock not being true to name, our liability is limited to the invoice value at the time of shipment.

Princeton Nurseries employ no agents.

All stock offered herein is grown on our own nurseries under our own direct supervision.

PACKING

Bales and Boxes charged at cost. No packing charge is made for stock packed in full carlots. Boxes are made in the following sizes:

31 in. x 36 in.—10 ft. long.....	\$5.25
28 in. x 32 in.—10 ft. long.....	4.75
23 in. x 28 in.—10 ft. long.....	4.25
19 in. x 24 in.—10 ft. long.....	3.75
17 in. x 20 in.—10 ft. long.....	3.25
15 in. x 16 in.—10 ft. long.....	2.75
12 in. x 15 in.—10 ft. long.....	2.00

Add 50 cents for each additional 2 feet of length.

Decreases are in the same proportion, 50 cents for each 2 feet.

DECIDUOUS TREES

The **Grading Table** adopted by the American Association of Nurserymen has been used in the following pages except where otherwise noted. Trees are sold and dug by caliper. Heights given are approximate and are minimum in most cases. Caliper is taken six inches above the collar.

DECIDUOUS SHRUBS

Our methods of lining out and cutting back insure the kind of full, bushy plant which really is the standard of excellence,—a young, thrifty shrub, graded liberally.

Nearly all shrubs are dug with a tree-digger insuring you good roots, and lots of them.

We offer the following own-grown stock:

	Each	Per 10	Per 100

EVERGREEN TREES AND SHRUBS

Princeton Evergreens have been transplanted frequently. Each time they have been given ample room for proper growth. Every one is sheared into a symmetrical shape.

Freshly dug in the nursery for your individual order. Balled and burlapped unless marked with an “*”.

THE FRUITS

Graded according to Horticultural Standards, 1923, of the American Association of Nurserymen.
 Caliper taken two inches above bud. All two year unless otherwise stated.

Two year Apples, grown at Princeton. Our fruit trees are clean, fully up to size, and true to name. We do not grow immense quantities of fruits, but have enough to supply the needs of customers who want a medium quantity to go in an assortment order. By growing them ourselves, we can stand back of them and know that we are delivering the right kind of stock.

APPLES	Each	Per 10	Per 100
--------	------	--------	---------

STANDARD AND CRABS

1 in. and up	7 ft. and up	XX	.80	7.50	70.00

5/16 to 7/16 in.	3 ft. and up	B	.40	3.50	30.00

Sweet Cherries:—Black Tartarian, Downers Late Red, Napoleon, Schmidts Biggereau, Dykeman.

A bird's-eye view of our potting shed, greenhouses, and a small part of the seed beds. This is where we grow our stock from the ground up so that we know exactly what we are handling. We at times have more stock in the lining-out grade than we need for our own planting so, if interested, please let us know and we will be glad to send you a list of whatever we have to offer.

Each Per 10 Per 100
